

# POINT 1

877.540.4000

## We Connect Smart Businesses

Point 1 delivers what it takes to help the smart businesses of the 21st century retain their competitive edge.

Our end-to-end electrical integration services help businesses control and improve the safety, comfort, interaction, and efficiency of their organizations.

## We Make Business Work

We connect the functionality that makes business work.

We make it possible for departments to stay connected with email, for customer service to support their customers and for sales to make vibrant multi-media presentations to their prospects.

We help protect your business by connecting you with security, fire and life safety systems. We help patients call hospital staff. We help school classes and manufacturing shifts stay on schedule. We help ensure businesses maintain their efficiencies with the latest, most cost-effective, options in wireless, cell or fiber optic capabilities.

## Connect to Your Future

Point 1 is the SF Bay Area's premier, reliable choice for the integrated delivery and installation of all your business connectivity needs.

We're ready to put our expertise to work for you.

To discover more about what we can do for your organization today, give us a call at 877.540.4000.
